

# CLAY TARGET and WING SHOOTERS

BECAUSE IT WORKS!

**ONE FULL DAY  
8 HOURS OF  
PROFESSIONAL  
SHOOTING  
INSTRUCTION**

Would you like to know why you missed that rabbit or teal or chandelle and, more important, have someone help you understand what you need to do differently to break them? Would you like to improve your wing shooting skills to have a more successful hunt? If you would like to become a better shotgun shooter, a lesson with Gil & Vicki Ash is your answer.

The best thing you can do to improve your shotgun skills is to take a shooting lesson from Gil and Vicki Ash.

We at The Permian Basin Shotgun Range are fortunate to have Gil & Vicki coming to our club in April to help clay target shooters with their shotgun skills. This is an early season opportunity not to be missed.

## APRIL 28 - 29, 2012

Permian Basin Shotgun Range – Midland, TX

[www.OSPschool.com](http://www.OSPschool.com)

Register early, classes filled quickly in 2011

### About Gil & Vicki Ash

Both Gil and Vicki are NCSA Level III instructors. They have been shooting clay targets competitively since 1975 and sporting clays since 1982. They teach 2,000+ students each year at gun clubs across the United States, and in Canada and South America. With nine books authored, six instructional DVD's in production, and more instructional books and DVD's on the way, the Ash's have the largest single source library of instructional material on shotgunning in the world.

Unlike other instructors, they are natural teachers who have studied and practiced not only shooting, but the psychology of learning and performance, and they have developed the most effective teaching approach in the industry. The common sense teaching method of OSP helps students understand how their eyes, mind, and body function together. Once this is learned, understanding why they succeed or fail when shooting a shotgun become simple! This powerful insight can be applied to all aspects of your personal life and business, making you not only a better shooter, but a better performer at everything you do. Beginners, professionals, and everyone in between are sold on the unique teaching style of Gil and Vicki, who, as Bill Bacon, Level II Instructor and American Shooting Center President states, "are simply the best in the business."

### Shotgun Range

Travel south on FM 1788 1.5 miles past I-20; the range will be on the left.
